Welcome to PRIMUS SCHOOLHOUSE

Primus Schoolhouse by Invictus is a premium pre-school offering high quality education and child care. We are a truly global community welcoming families from all over the world to learn and play in a nurturing environment. Open to children 18 months – 6 years of age, through the two strong pillars of academic achievement and excellence in care, we aspire to give each child a great start in their learning and development. Our goal is to nurture a love of learning and to support the children to develop all the skills and attributes for future success at school and beyond.

Primus Schoolhouse Singapore offers a unique curriculum combining the best of the British and Singaporean education programmes and traditions. The combination of these and our caring, dedicated staff enable each child to be supported and guided to grow and develop their potential within a nurturing and engaging environment.

The children experience a contemporary education with a strong foundation based on the traditions and core values that lie at the heart of our school. The curriculum and programmes reflect the context and culture of Singapore and the UK.

Children from Primus Schoolhouse will seek to move on to high performing local and international schools. Therefore, we ensure they are fully prepared to meet and enjoy future experiences and challenges.

LEARNING AT PRIMUS SCHOOLHOUSE

Through play, children are curious, active, engaged and motivated to learn. At Primus Schoolhouse, children are given time to explore new and developing skills, to experiment, repeat and practice discoveries in a meaningful context until they are fully integrated. Allowing children to re-visit situations, experiments and discoveries fosters self-esteem as they gain confidence in their abilities. Children then have a positive self-identity from which a love of learning is created. Teachers inspire children to represent their understandings in a wide range of ways, role-play, art, writing, talking, and demonstrating. We encourage reflection and self-evaluation, fostering self-initiated learning.

In our engaging programme, books transcend all curriculum areas. Integrated Inquiries provide a meaningful context for the development of learning outcomes. We start from what the children already know, value this knowledge, and plan learning experiences to sort out ideas and extend thinking. Primus Schoolhouse teachers are flexible and responsive to that unexpected 'teachable moment'.

At Primus Schoolhouse we believe that nurturing skills, attitudes and values ensure our children are confident leaders and responsible global citizens.

*Nurturing character,
inspiring minds*

OUR AIM is to ensure that each child becomes a successful learner, confident individual and responsible citizen, aware of the joy and wonder in our lives.

A premium educational experience with small class sizes, a generous teacher to child ratio, excellent teaching and high expectations are the foundations of Primus Schoolhouse.
